

# Warranty Certificate

## THIS ACKNOWLEDGES THAT

This machine is guaranteed by the manufacturer for three years of the period from the date of delivery. Any interaction related to this guarantee is carried out between the first official invoiced company/person and the official authorized distributor of record.

We hereby guarantee to replace any faulty material or component excluding normal wear parts for the machine/equipment during the above mentioned period. If Maripak USA factory technicians are required on site for repairs, the current published list price for service costs will be invoiced to the customer and will be issued by the manufacturer. Costs associated for factory technicians on site are labor, travel, meals, and lodging.

Any faulty parts/components are supplied free of charge. Overnight shipping of faulty parts/components will be provided free of charge from the Maripak USA service and support location in the Greater Tampa Florida, USA.

Unit must not be opened by any unauthorized party. Warranty issues can only be performed and approved by your authorized distributor of record. Any faulty material must be sent back to the Maripak USA service support location at cost of customer for inspection, recording, and documentation .

Manufacturer and authorized distributor are not responsible, and this guarantee is not valid if:

- If the machine is installed incorrectly from all instructions and descriptions in the manual.
- The power supply is not sufficient, incorrect or not properly suited for the equipment.
- Any associated parties provide damage caused by the wrong handling or wrong electric connection.
- When consumable spare parts are required, or the problem is related to consumable as described below:

**Consumable spare parts: Sealing blade, rubber, Teflon tape, blade beds, and its corner and side connections**

- The machine is used incorrectly from any and all instructions and descriptions in the manual.
- Any changes or alternations are made by an unauthorized person or party on the machine/equipment.

All countries are considered to translate at least the most common language of English. Therefore any lack of information is not considered by the manufacturer about the claims after an English Instruction manual is delivered.
